LEMOORE UNION HIGH SCHOOL ATHLETIC PROGRAMS

Mission Statement

It is the mission of the Athletic Programs at Lemoore Union High School to provide student athletes with the opportunity to represent the school and compete interscholastically in a wide variety of sports. It is our goal that each student-athlete will learn self-discipline, skill acquisition, sports citizenship, commitment, and respect for teammates, opponents, and officials which will lead to and demonstrate membership in a quality community.

Pursuing Victory with Honor

Preamble

At its best, athletic competition can hold intrinsic value for our society. It is a symbol of a great ideal pursuing victory with honor.

The love of sports is deeply embedded in our national consciousness. The values of millions of participants and spectators are directly and dramatically influenced by the values conveyed by organized sports. Thus, sports are a major social force that shapes the quality and character of the American culture.

In the belief that the impact of sports can and should enhance the character and uplift the ethics of the nation, we seek to establish a framework of principles and a common language of values that can be adopted and practiced widely.

Purpose

The athletic programs at Lemoore High School are an integral part of the educational experience. All students are encouraged to participate in the athletic program at the level most challenging to them. The goals of the athletic program are as follows:

1. To provide an athletic program which is an integral part of the educational program
2. To field competitive teams within the West Yosemite League that brings pride to the Lemoore High School community
3. To develop realistic, but challenging individual and team goals
4. To develop respect and appreciation for teammates, coaches, opponents, and officials
5. To develop self-discipline and a commitment to personal and team excellence
6. To exhibit good sportsmanship at all athletic contests
7. To have a coordinated community based athletic program

Coaches will work with individuals and teams to promote good character and leadership. It is our goal to encourage all student-athletes to growth through competition. Coaches take great pride in our athletic programs and we want all players to experience the feeling of a job well done.

Objectives for Participants

1. To develop knowledge and appreciation for the sport
2. To develop proper conditioning for the sport
3. To develop skills and ability to the highest capacity
4. To expose players to social situations that help them learn about themselves and others
5. To develop integrity
6. To represent the school and community positively

California Interscholastic Federation

The purpose of the CIF is as follows:

1. To serve as an organization through which member high schools, mutually adopt rules and regulations for interscholastic athletic competition. Failure to follow the spirit and intent of CIF rules and regulations may result in the following penalties for our athletes and school:
 - a. Forfeiture of all league games and championships
 - b. Elimination of our school from playoffs for the particular sport
2. To cultivate more cordial and friendly relations among schools through ethical standards of sportsmanship.
3. To promote the acceptance of the Cardinal Principles and Code of Ethics of the CIF.
4. To promote equal opportunities for all youth, regardless of race, religion, sex or national origin.

CIF – Central Section Play-Offs

Pursuant to LUHSD board policy BP 61452(D) Lemoore High School athletic teams will only be eligible for CIF-Central Section Play-Offs if their league or overall win/loss record is .500 or better.

Student Participation-CIF Code of Conduct Penalty

Student participation in athletic contests is a privilege. As a student athlete, you are expected to conduct yourself in an exemplary manner at all times. During participation in all CIF competition, a student/athlete or coach who is ejected or disqualified from participating in the remainder of said contest will be ineligible for the team's next contest. If an athlete or coach is ejected or disqualified from a second contest during the same season of sport for unsportsmanlike conduct, they will miss the next two CIF contests. A third ejection or disqualification during the same season of sport will be ineligible for all CIF contests for one calendar year. (365 days) In addition, any student who physically assaults a game or event official shall be banned from interscholastic athletics for the remainder of the student's interscholastic eligibility.

West Yosemite League

Lemoore High School is a charter member of the West Yosemite League. The schools that comprise the WYL include: El Diamante, Golden West, Hanford, Mt. Whitney, and Redwood. The management of this conference is conducted by the principals, and athletic directors of the member schools. Each school serves a term as the league representative to the Central Section CIF council.

As a member of the West Yosemite League, we are also responsible for following the constitution, by-laws, and sport regulation as established by the Executive Board of the West Yosemite League. The WYL constitution and sport regulation are continually being revised and up-dated. If there are problems with the constitution, by-laws, or sport regulations, it is imperative that the coaches, through their league representative, inform the Executive Board, so the problem can be addressed.

Risk Warning

Participating in competitive athletics may result in severe injury, including paralysis or death. Changes in rules, improved conditioning programs, modern equipment and medical coverage have reduced these risks. However, it is impossible to totally eliminate such incidents from occurring.

Players may reduce the chance of injury by obeying all safety rules in their sport, reporting all physical problems to their coaches, following a proper conditioning program, and inspecting their own equipment daily. Even if all of these requirements are met, a serious injury may occur.

Expectations of Athletes

Participation:

Athletic is voluntary. Participating on a sport/team is a privilege which must be earned and is not a right. With these privileges come responsibilities. Athletes must maintain the established standards of conduct of the LUHS District as defined in the Code of Ethics and CIF Code of Ethics **both on and off the field. All Lemoore Union High School District policies for students are applicable to athletic practices and competitions – including travel to and from such events.**

Behavior not becoming of a student/athlete can be cause for discipline from coach and or administration as well as possible dismissal from a team.

Student Code of Conduct:

1. Understand that participation in sports is a privilege.
2. Place academic achievement as a high priority.
3. Know and play by the principles of Pursuing Victory with Honor
4. Respect all equipment and use it safely and appropriately.
5. Respect others and treat them as you would like to be treated
6. Cooperate with coaches, teammates and opponents

7. Don't argue with officials or complain about calls
8. Refrain from use of alcohol, tobacco, illegal and non-prescriptive drugs, anabolic steroids or any substance to increase physical development that is not approved by the United States Food and Drug Administration, Surgeon General of the United States of American Medical Association.
9. Not be involved in any form of hazing.
10. Win with class and lose with dignity

Athletics as Part of the Educational Program

Athletics is just one of many parts of the education process that is provided to students. The reason students are in school is to learn and therefore academics will always be a priority. Maintaining academic eligibility is the student's responsibility, not that of coaches or teachers. Participating in athletics and being on a team may mean sacrifices. The commitment an athlete makes to his/her team and coaches may require that choices be made and priorities kept.

Being a Team Member

Athletes learn many skills while participating in sports, but the most important skill is that of teamwork. All successful teams work together and pride themselves on teamwork.

Being Prepared to Participate

Athletes should be on time to practice, and be ready to listen and learn. Athletes should be prepared physically and mentally for the season. Off-season training includes taking care of one's body and mind at all times.

Conduct

1. On the field athletes will be respectful towards their teammates, coaches, opponents, officials and fans.
2. They will play by all the rules of the game at all times.
3. On campus, athletes will set an example of good citizenship.
4. They will help promote school spirit and be aware of their appearance and manner at all times.
5. In the classroom, athletes will show respect for teachers and fellow students.
6. Athletes must remember that they represent their team, school, and community at all times.

Expectations of Parents

Keeping Athletics in Perspective

1. Always emphasize academics as a priority.
2. Assist the student/athlete to use his/her time wisely so that athletics does not interfere with academics.
3. Use athletics as a way to teach children how to react and interact with other people.
4. Help son/daughter to understand that athletic ability varies from person to person; effort is just as important as natural ability.

Supporting Your Student/Athlete

1. Attend as many of your child's contests as possible.
2. Encourage both male and female participation.
3. Allow son/daughter to select a sport based on his/her perceived likes and abilities.
4. Provide a pressure-free environment regarding playing and scholarship expectations.
5. Help son/daughter by providing all of his/her medical needs and see that they have proper equipment when not provided by the school.
6. Stress the importance of the complete athlete, both mentally and physically.
7. Stress the importance of perseverance rather than quitting.

Supporting the Program

1. Parents should be supportive of the coaching staff.
2. Parents should attend all meetings requested by coaches.
3. Support the coach's preparation plan. Being on a successful team is important to your child.
4. Talk to your child frequently about how things are progressing with their sport.
5. Make arrangements to talk to the coaches privately and early about any problems that might materialize.

6. Take into consideration practice and games when planning family events.
7. Understand the needs of particular sports. Every sport has different demands of time and preparation.
8. Support the district policy of no profanity, alcohol, illegal drugs, or tobacco.
9. Model positive behavior towards everyone at all times.

Expectations of Coaches

Modeling

1. Because coaches' lives are open to public scrutiny, coaches should use good judgment in conducting their private and public lives.
2. Because impressionable youths many times imitate the actions of their coaches, these coaches should model exemplary behavior on and off the field, and encourage their athletes to do the same.
3. Coaches should instill in the athletes that they are all representing not only their school, but also their families and community as well.

Professionalism

1. Coaches behavior on and off the field should exemplify leadership, composure, discipline and integrity.
2. Coaches should allow every student a fair and equal opportunity to try out for the team without prejudice based on prior experiences.
3. Coaches should use caution and common sense in any physical contact with their athletes.
4. Coaches should not exert undue influence on athletes either to play one sport at the expense of another or to play on a club team.

Communication with Athletes

1. Coaches should communicate in a positive manner even when correcting or criticizing an athlete.
2. Coaches should emphasize team loyalty and effort, stressing the value of each individual's contribution toward the success of the team.
3. Coaches should assist students in setting realistic goals, then achieving them, one at a time.
4. Coaches should help each athlete to achieve his/her personal best.

Communications with Parents

Coaches should have a meeting prior to the season to:

1. Inform parents, orally and in writing, of practice hours and the schedule of games and tournaments.
2. To discuss with parents the various roles they might play in assisting in their student's success.

Coaches should be open and available to discuss a students' progress with his/her parent.

Communication with the Athletic Department

Coaches will have a seasonal meeting with the Athletic Director regarding the needs of the sport, i.e. inventory, equipment, budget, game scheduling and transportation.

Coaches will provide the Athletic Department with the following:

1. Team Roster
 - a. Check ineligibility.
 - b. Keep the AD informed of any additions/deletions to the roster.
2. Transportation Requirements
 - a. Dismissal and departure times of all games scheduled.
 - b. Any changes must be submitted at least 48 hrs. from game time.
3. Game Scores
 - a. Please notify the AD of scores for all levels, either the day of or the next day after the completion of the event. Please submit this information via text/e-mail/voice mail or in person to either the AD or athletic secretary.
4. Practice Schedules.
 - a. Practice schedules are to be turned in prior to the beginning of the season, to the athletic department. A copy will then be forwarded to the facility scheduler.
 - b. If you do not turn in your practice schedule, this may result in unavailability and conflicts, with other activities that have been scheduled for the facility you wish to use.

Teaching Skills and Conditioning

1. Coaches should be knowledgeable and well trained in teaching the skills of the sport.
2. Coaches should physically condition their athletes before each season and teach techniques that enhance an athlete's safety.
3. Coaches should stress the necessity of athletes being in their best physical condition as a responsibility to themselves as well as to their team.

Priorities of Life

1. Coaches should remember that athletics are only part of a student's life and must be kept in a realistic balance with the demands of academics and one's family.
2. Coaches should teach the athletes to win with a sense of accomplishment and humility and to lose without excuses.

Creating a Successful Environment

1. Coaches should prepare themselves as students of the game.
2. Coaches should be positive and enthusiastic.
3. Coaches should develop a program that will attract students to the sport.
4. Coaches should make the sport competitively fun.

Coaches Code of Conduct

Coaches will meet with athletic director prior to start of their season and discuss the influence and importance of the job of being a coach for LUHSD. Each coach will then sign and keep a copy of the following Coaches Code of Conduct.

Lemoore Union High School District Coaches Code of Conduct

Pursuing Victory With Honor

The title of this campaign — "Pursuing Victory With Honor" — makes clear our philosophy that sports best achieves its positive impact on participants and society when everyone plays to win. In fact, without the passionate pursuit of victory much of the enjoyment, as well as the educational and spiritual value, of sports will be lost. Winning is important and trying to win is essential.

Winning Is Important, but Honor Is More Important. Quality sports programs should not trivialize or demonize either the desire to win or the importance of actually winning. It is disrespectful to athletes and coaches who devote huge portions of their lives to being the best they can in the pursuit of individual victories, records, championships and medals, to dismiss the importance of victory by saying, "It's only a game." The greatest value of sports is its ability to enhance the character and uplift the ethics of participants and spectators.

Ethics Is Essential to True Winning. The best strategy to improve sports is not to de-emphasize winning but to more vigorously emphasize that adherence to ethical standards and sportsmanship in the honorable pursuit of victory is essential to winning in its true sense. It is one thing to be declared the winner, it is quite another to really win.

There Is No True Victory Without Honor. Cheating and bad sportsmanship are simply not options because they rob victories of meaning and value and replace the inspirational high ideals of true sport with the degrading and petty values of a dog-eat-dog marketplace. Victories attained in dishonorable ways are hollow and degrade the concept of sport.

Ethics and Sportsmanship Are Ground Rules. Programs that adopt Pursuing Victory With Honor are expected to take whatever steps are necessary to assure that coaches and athletes are committed to principles of ethics and sportsmanship as *ground rules* governing the pursuit of victory. Their responsibilities to demonstrate and develop good character must never be subordinated to the desire to win. It is never proper to act unethically to win.

Benefits of Sports Come From the Competition, Not the Outcome. Quality amateur sports programs are based on the belief that the vital lessons and great value of sports are learned from the honorable pursuit of victory, from the competition itself rather than the outcome. They do not permit coaches or others to send the message that the most important benefits derived from athletic competition can only be achieved when an athlete or a team wins.

Coaches Code of Conduct

1. Be aware that coaches have a tremendous influence on educating the student-athlete and will never place the value of winning above the value of character.
2. Properly instruct players in the safe use of equipment.
3. Show respect for players and other coaches
4. Respect the integrity and judgment of game officials
5. Establish and model fair play, sportsmanship and proper conduct.
6. Provide proper supervision of student-athletes at all times
7. Use discretion when providing constructive criticism and when reprimanding players.
8. Refrain from the use of profanity, vulgarity and other offensive language and gestures.
9. Support the principles of Pursuing Victory with Honor
10. A coach will not exert pressure on faculty members to give student-athletes special consideration

Violation of any of the code of conduct may result in the following:

1st Offense: Meeting with Athletic Director and Principal. Verbal warning will be issued and possible suspension and or dismissal.

2nd Offense: Meeting with Athletic Director and Principal. Written warning will be issued and suspended or dismissed.

3rd Offense: Dismissal from coaching assignment.

By Signing below, I am acknowledging I have received a copy of the Coaches Handbook and I have read and understand the Coaches Code of Conduct.

3. Athletes should be dressed appropriately.
4. Lock weight room and turn out lights after each use.

Training Room

Please emphasize to athletes that the training room is a place for athletes needing care and or treatment of injuries. When the trainer is not in the room, please do not allow any students in the room.

The Media

It is the responsibility of the head coach to notify the local newspaper about the results of their team's contests.

Facilities

Coaches and programs hosting tournaments for fund raisers or requesting facilities for non-Lemoore High School athletic events to include practices may be subject to facility use fees. The Lemoore Union High School District facilities are available for community use but you must obtain a Facilities Use Request Packet (E 1330 a-e) from the School Office or web site.

Coaches and programs holding tournaments for Lemoore High School athletic events during their season of sport will not be subject to facility fees. Coaches must fill out a Lemoore Union High School District facility use form (E1330 (g) for approval.

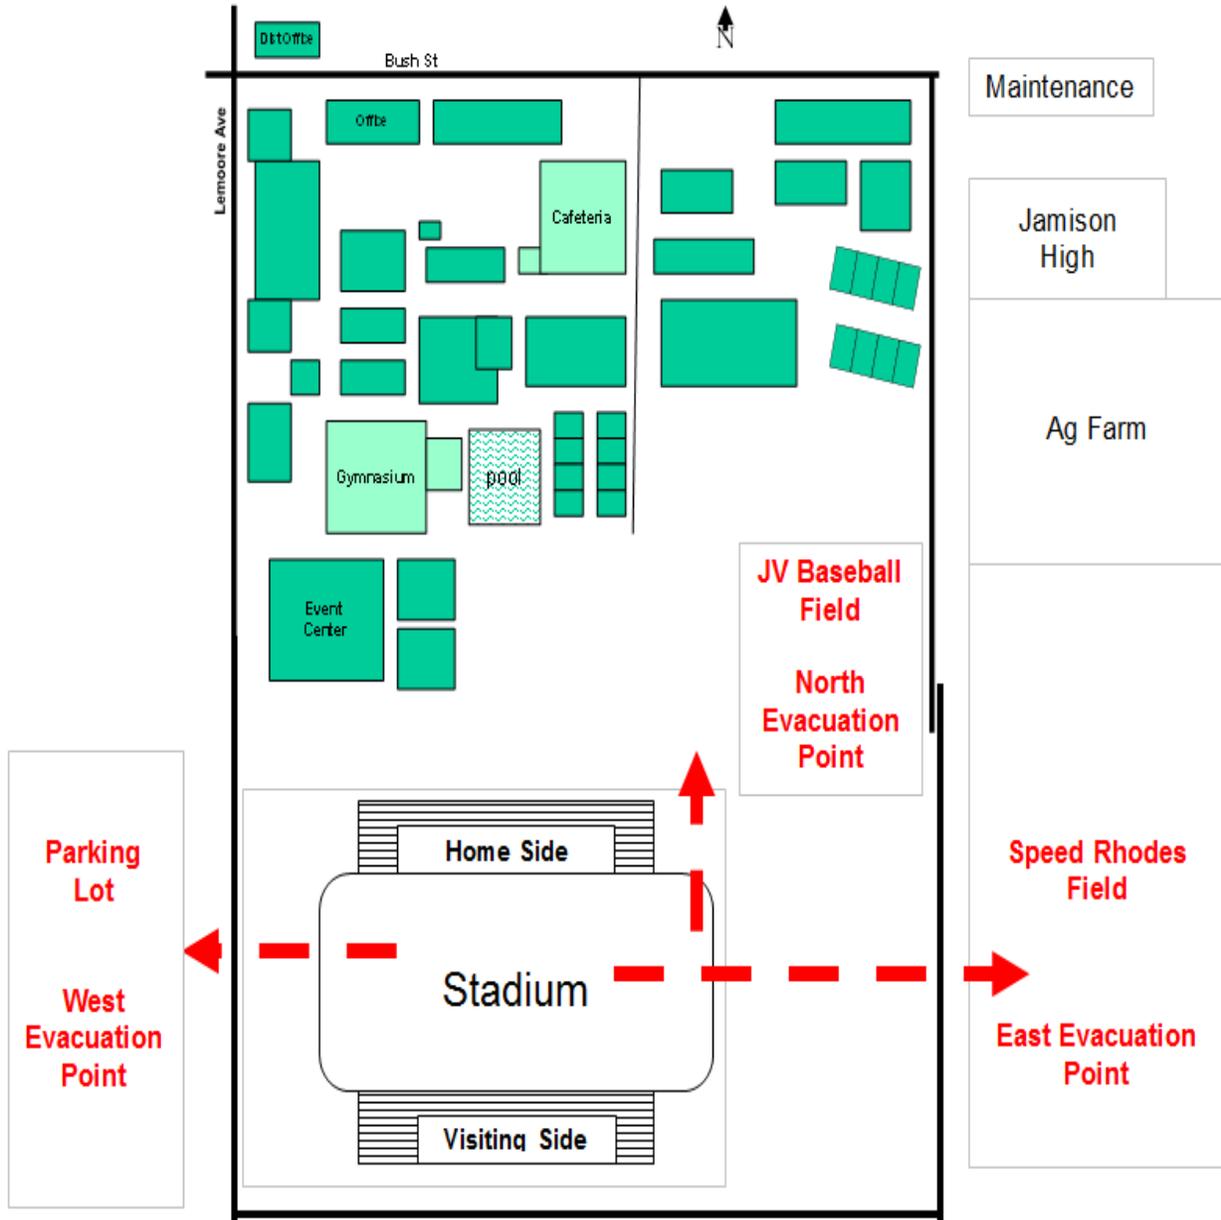

Upon approval of event, date, terms, and cost, the District will schedule the event on the LHS Master Calendar. The dates and times on the facilities request will be used for scheduling manpower and utilities

usage, so coaches need to ensure they are entering correct times and following the schedule. Reserving the facility for a 3-hour block in the morning does not mean you have the facility all day.

Sporting Event Evacuation Plan

1. If you suspect that shots may be fired or hear shots being fired have all Students, Staff, Athletes, Coaches and Fans lie flat on the ground, cover their head with their arms and keep as low as possible, whether you are indoors or outdoors.
2. If the need arises to evacuate the Event, we will wait till the safest Evacuation Point has been determined.
3. We will exit to the safest Evacuation Point and we will wait further instruction.

LHS Stadium Emergency Evacuation Map

Scheduling

The athletic director, with the help of the head coach, will set up the schedule for each sport. The majority of our scheduling is automatically accomplished by our league representatives. Do not make any firm commitments without checking with the athletic director. Transportation and facilities must first be checked out before confirmation is made.

The limitation on number of contests to be scheduled is set by CIF. In certain sports, it is the responsibility of the coach to keep track of the individual number of contests.

Releasing athletes from class:

When athletes are to be excused from class to attend an athletic event, a list of the athletes traveling must be turned into the attendance office. Athletes are not to be released more than 30 minutes before the bus is scheduled for departure or they may be released in between classes if it is deemed to have less interruption on instructional time. The Athletic Director is responsible for the release of athletes.

Budgets

Each school year the head coach of each sport will be requested to fill out budget forms for the following season. These forms, along with the deadline for submission will be supplied by the athletic director. In compiling equipment and materials needed, the most important consideration is to be certain of the present inventory and most definite needs.

Once the budgets have been granted, the athletic director will work with each head coach to ensure that their vital equipment needs are taken care of. This meeting with the athletic director will generate a list of approved items and serve as a guide in making purchase requests.

Purchases

All district purchases must be initiated by the Head Varsity Coach of that program. The coach will forward the purchase order, along with copy of invoice and any additional information to the athletic director when ready to make a purchase. The following information will be needed for district purchases:

1. Name and address of the company.
2. Catalog name and number of the article.
3. Number of items needed.
4. Unit cost per item.
5. Tax
6. Shipping

No district purchases will be complete without a purchase order.

When to purchase

In order to ensure delivery before the start of each season, it is necessary to set purchasing date deadlines for major items:

1. Fall sports June 1 (preceding school year)
2. Winter sports September 1
3. Spring sports October 1

Where to purchase

There is no definite restriction for making purchases. The general policy has been to buy locally if the business can supply the brand and amount needed. Each coach should check several sources for the best price available on desired equipment. The athletic director has the final approval on all district purchases. The school district may not allow some purchases to be made through specific vendors.

Inventory

All equipment and uniforms etc. will be turned in along with the inventory at the end of each season. It will be the full responsibility of each head coach, upon completion of his/her program to provide the athletic director with an up-to-date inventory of all equipment charged to a particular sport. Inventory forms for this purpose will be furnished by the athletic director.

ASB Club Advisors (Head Coaches)

*This section is a **brief overview** of the responsibilities and expectations of an LHS Advisor who would participate in fundraising for an LHS group or club. For complete information and forms mentioned in this text, please see the LHS Activities Director and ask for a copy of the LHS Advisor Handbook.*

A. Purpose of Student Organizations

Student organizations at Lemoore High School exist to organize common student needs and/or interests. Like all democratic, corporate entities, it is important to keep in mind:

1. Student organizations belong to the STUDENTS who are members of that organization.
2. Members of the organization have a voice in the use of the assets of the organization.
3. Members of the organization are entitled to an accounting of the assets and resources of the organization.

“Forms” referred to in this handbook are available with the Activities Advisor.

B. Role of the Advisor

1. To model and explain the democratic concepts and principles involved in collective decisions.
2. To supervise the safety and conduct.
3. To articulate rules and limitations on the group’s activities.
4. To offer advice, and when necessary, direction.
5. Other than for reasons of safety and compatibility with school policies, the advisor must refrain from imposing his/her will and agenda on the group.

C. Officer Training Workshops

The Activities Advisor and the ASB usually offers a series of workshops to train officers in the fall of each year. Comprehensive workshops for club presidents (open to vice presidents as well); secretaries, and treasures, offer a general instruction and some practice in the techniques of club leadership, and assist greatly in the success of the students involved.

D. Constitutions and Charters

All LHS student organizations are required to have a constitution in order to be a club. Advisors should post and/or make available the organizations governing agreement to all members of the club. Advisors should review it each year and make sure it is still current.

The minimum features required in LHS student organization constitutions are:

1. Name and purpose of the organization
2. Membership qualifications and privileges
3. Selection procedures, removal procedures, titles, duties, and term of office for all officers
4. Procedures for filling vacancies of office
5. Financial procedures: budget adoption, budget modification, expenditure procedures, reporting procedures
6. Provisions for amending the constitution, and adopting/amending any bylaws or other club policies.

A Chartered Club at LHS simply means that the LHS club has applied to the ASB for and received a “charter”, which entitles the organization to send a voting representative (preferably the club president) to the LHS ASB Legislative Council. The Legislative Council is made up of all class officers and a representative of each of the chartered clubs. The Legislative Council has the authority to deny a charter application. Charters are often revoked

for cause by the Council; almost always due to lack of attendance at Legislative Council meetings (which are held every grading period, during a set period). Having the charter revoked means that the club loses its official voice in the ASB—it may still exist as a “recognized club.” One of the requirements of the ASB is that clubs may not send alternate delegates to the Council, although the club may change its delegate whenever it chooses.

E. Meetings and Minutes

The frequency of club meetings should be defined in the club constitution. ALL meetings of the club must be supervised. Club meetings and other activities, even if held off-campus are Lemoore High School functions; the district, and the advisor, has the responsibility to maintain appropriate supervision at all student functions.

It is often helpful for the officers to meet briefly with the advisor prior to general meetings, so that procedures and agenda are clearly understood by the students who then must run the meeting of the club members.

The style of the meeting is up to the club: formal parliamentary procedure or informal facilitative meeting styles.

All clubs must maintain accurate minutes. The minutes of the organization meetings are a written record of the decisions made during meetings. Many of the club decisions are financial in nature, and financial transactions of the high school are subject to financial audit each year. Therefore, all decisions of the club members must be recorded in the minutes and ratified by the members. The approval of minutes of a prior meeting must be included in the minutes of the subsequent meeting. A sample of minutes is included in the LHS Advisor Handbook.

F. Student Organization Finance

By law, the fiscal procedures in public high schools come under the scrutiny and oversight of the board of trustees and the superintendent. This responsibility is delegated in turn to the director of business affairs in the district office, the principal, and the director of student activities.

Once a budget has been created and adopted by the group, some organizations, have specified in the constitution, allow the fiscal decisions to be made solely by the advisor and treasurer, as long as it is in line with the initial budget that was created and adopted by the group. However, if the group decided to amend their budget fiscal decisions ~~are~~ that are not outlined in the initial budget should be approved by the group and recorded in minutes of the proceedings. Then an amendment budget should be produced to the Activities Advisor and bookkeeper along with a copy of club minutes should be filed with the school bookkeeper and available for possible inspection by the auditors. The school district is responsible for ensuring that proper procedures are followed regarding ALL financial transactions, hence the annual audit.

LHS clubs are not allowed to conduct financial activities until the club has been deemed “active” by the Activities Advisor by having the required documents on file yearly. They include:

All assets of the organization belong to the members of the organization, and all decisions pertaining to those assets require the collective consent of those members, as provided for in the organization’s constitution. Once a budget has been created and adopted by the group, some organizations, have specified in the constitution, allow the fiscal decisions to be made solely by the advisor and treasurer, as long as it is in line with the initial budget that was created and adopted by the group. Fiscal decisions that are not outlined in the initial budget should be approved by the group and recorded in minutes of the proceedings as budget amendments. Then an amended budget should be produced along with a copy of club minutes to the Activities Advisor and bookkeeper so they are available for possible inspection by the auditors. The school district is responsible for ensuring that proper procedures are followed regarding ALL financial transactions, hence the annual audit.

G. Budget

The group's spending and earning plan for the year. It includes a beginning balance, income, expenses, and an estimated ending balance. Budgets can be amended throughout the year with group approval.

H. Fundraisers

School policy dictates that all fundraisers that involve LHS students, benefiting LHS student organizations, be approved by the school for reasons of liability and accountability by submitting a "Fundraiser Request" form to the Activities Advisor. Organizations are NOT to sponsor or participate in unapproved fundraisers.

The suggestions, rules and procedures listed on the fundraiser request form and in the LHS Advisor Handbook are intended to keep everyone accountable and above reproach. If you have any questions about fundraising regulations and procedures, please contact the bookkeeper @ 245 or the activities director @ 210.

An important consideration in any fundraiser is an analysis of the expenses (overhead) of the fundraiser, and subsequent profit (if any). A "Fundraiser Summary" is to be filed with the school bookkeeper at the conclusion of a fundraiser.

It is important that fundraising activities not interfere with the instructional process. Sales of items (candy, tickets, etc.) and delivery of sold items (flowers, balloons, etc.) should not occur during school time. In addition, there are state mandated nutritional guidelines on what can be sold during school hours' nutritional guidelines. Please contact the Activities Advisor with more specifics.

RULES & PROCEDURES FOR FUNDRAISING ACTIVITIES

1. The purpose of all fundraisers is to provide monies to offset costs incurred by the organization and promote extra-curricular activities at Lemoore High School. Fundraisers are for LHS STUDENT ORGANIZATIONS, not individuals or departments.
2. All fundraisers must be approved by the Activities Advisor. Information regarding the fundraiser, such as date of fundraiser, vendor to be used (food handling certificate, etc.), and total amount of products ordered and sold are to be clarified on the application.
3. Following the fundraiser, an accounting of all merchandise ordered, sold, or returned must be completed. (Fundraiser Summary Report)
4. Purchase orders may be completed and merchandise ordered only AFTER fundraisers have been approved. Payment will not be approved (check will not be issued) unless a purchase order has been previously obtained -- all costs will then become the responsibility of the advisor.
5. Delivery of all products will be to the district warehouse -not to individual classrooms. The advisors will be notified upon arrival of the products.
6. Parent consent is required for students to participate in any fundraising that might result in a financial liability for that student.
7. Advisors will be responsible for storage and distribution of fundraiser products.
8. If it becomes necessary to receive money from a student, the advisor must provide a receipt for all monies and keep one copy for the club file; the advisor then assumes responsibility for the money until deposited with the bookkeeper.
9. Advisors will be held liable for funds not properly secured. Proceeds from LHS Fundraisers MUST be deposited with the LHS bookkeeper.
10. Any student who does not turn in money collected or products checked out must be billed immediately by the advisor, and every effort to clear the debt within two weeks after the fundraiser must be made. All club bills must be cleared before school is out for the summer.
11. Advisors will be held accountable to parents concerning any discrepancies concerning money collected or billings made to students. Lemoore High School administration will refer parent calls to the advisor of the club or organization.
12. Whenever money is collected at a time when deposits with the bookkeeper are not possible (evening events, sales at games, etc.), the advisor must secure a bank vault bag from the bookkeeper for night depository, or it must be brought to the office for placement in the safe.

13. Funds should NEVER be taken home or stored in the classroom, vehicle, etc.
14. Raffles are in violation of state law. Do NOT sell raffle tickets without going over restrictions with the Activities Advisor.
15. Funds should NEVER be commingled with other monies. (ie. Gate entry with snack bar)
16. Expenses should not be paid in cash from the fundraising receipts (ie. Paying yourself back for purchases from the cash box at the event) All reimbursement requests must be made by completing a purchase order and attaching receipts. Then a check will be produced from the organization account. See bookkeeper for details.

I. Financial Procedures

1. Purchases Orders

All purchases made by LHS student organizations must be paid by purchase order. Only advisors may request one directly. The Advisor and Student Treasurer on file will both sign the request and make sure it adheres to the budget. You then may present a properly completed Purchase Order Request Form to the bookkeeper in order to receive a purchase order. Purchase Orders written for a check to be issued prior to receiving the merchandise or service must be properly accompanied by documentation—see the bookkeeper for details about “Advance Checks”.

2. Merchandise Receipts and Invoices

When merchandise or services are purchased, the merchant or service provider will furnish a receipt which must be presented to the bookkeeper before a check is issued for payment.

Purchase Order purchases: the bookkeeper will pay the invoice, after verifying that a purchase order was issued for this invoice item, and that the produced invoices are signed by the advisor to denote that the items/service was received. If the receipt is not turned into the bookkeeper or the bookkeeper did not receive and invoice or the purchase order was never issued, the merchant will not be paid.

3. Checks

Checks are generated only as described above and are generated on a scheduled basis. Consult the bookkeeper regarding the schedule. The need for a check prior to the next scheduled generation is disruptive. Plan ahead. Emergency check requests require the approval of the director of activities.

Payment for merchandise or services in cash creates circumstances where accountability is difficult.

4. Deposits

All money taken in by student organizations must be deposited with the LHS bookkeeper’s office. There can be no off-campus bank accounts for student organizations.

The bookkeeper will not count any money unless it is accompanied by a completed Deposit Form. In the event that there is insufficient time to complete the Deposit Form, money must still be turned in to the bookkeeper’s office; it will be placed in a vault bag and retained until the organization calls for it, and will remain uncounted by the bookkeeper until the deposit slip procedure is completed.

In the event that the bookkeeping office is closed, money should be turned in to the administration office to be locked up. Money lost or stolen when not properly secured with the bookkeeper or admin office becomes the responsibility of the person who failed to follow this vital procedure.

Do not co-mingle money belonging to two or more different organizations or two different event (gate sales and snack bar).

5. Assets
Items purchased with student organization funds or donated to student organizations should be properly inventoried and accounted for. All assets purchased with organization funds belong to the members of the organization, and all decisions pertaining to those assets require the collective consent of those members, as provided for in the organization's constitution. Organization property no longer usable should be disposed of according to district policy. Club minutes should reflect the will of the student members regarding disposal of club property.
6. Items issued to students
Merchandise issued to students for sale (candy, tickets, etc) should be properly documented, and the expectations of return of cash and/or unsold merchandise must be clarified beforehand, preferably in writing.
7. Booster groups associated with LHS
Booster, parent auxiliaries, or other affiliates must be LUHSD board recognized. They have their own separate financial operations from the student club organization. Booster clubs must be booster run. The booster clubs can donate to school student groups but funds from student organizations and parent booster groups cannot be co-mingled.

In addition, while Parent Booster Clubs are not directly overseen by LUHSD it is still expected that they communicate with the advisor regularly. When completing a fundraiser, they do not need to complete Fundraiser Request form, but it is still asked that they communicate their plans with the Activities Advisor on campus to ensure it doesn't conflict with other groups fundraising at the same time. In addition, if school facilities are required to put on the fundraising event, they need to submit a facilities request.

Also keep in mind that adults in contact with LHS students at school events (on or off campus) must conform to current state law and board policy regarding criminal background checks. Food handler certificates should also be on file with the Activities Advisor if fundraiser is occurring on campus (snack bar, etc.).

8. "No-no's"
A quick summary of areas that will get a school, advisor, etc., into difficulties (see the activities advisor or bookkeeper if you need clarification):
 - a. Off campus bank accounts for student organizations.
 - b. Paying for merchandise/services/reimbursements with cash on hand. This includes cashing checks out of cash on hand. Think paper trail!
 - c. Providing your own start change is never suggested. Please plan ahead for cash boxes (requires a PO request 2 weeks!)
 - d. Keeping cash in the classroom, car, or at home. This includes holding onto cash for long periods. Get a night deposit bag from bookkeeper
 - e. Commingling funds from different fundraisers.
 - f. Giving gifts from your student organizations, especially to the advisor or other staff members. Including scholarships and gift card purchases.
 - g. Giving away property purchased with club funds.Losing the receipt document for merchandise purchased with a purchase order.

J. Etc. (miscellaneous)

1. Trips taken by the organization must be approved by the administration, beginning with the activities director. School transportation must be used, unless other arrangements are made with the director of transportation (924-6640). Drivers must be school personnel or approved by the principal.

Students must have parent permission in the form of the Field Trip Permission form. If school time is to be missed, it is the responsibility of the advisor to see that affected teachers are notified, and it

is the responsibility of the student to comply with homework and makeup expectations. Overnight trips require school board approval. Co-ed overnight trips require suitable co-ed adult supervision.

Please provide an itinerary for parents that includes approximate times and locations, and phone numbers of lodging locations. An itinerary should also be left with the activities director that includes a list of students on the trip and phone numbers.

A cell phone is available for checkout from the director of transportation. Gasoline credit cards are available for checkout from the LHS administration office manager (keep track of the receipts!). Mileage must be logged on the clipboard that is in the vehicle(s).

Evaluations

Head Coaches will meet with athletic director at the end of their sport for an assessment of the program and to discuss needs for the next season. All coaches will be evaluated at the end of the season by the athletic director. Please be familiar with the criteria for the evaluation process.
