

Class of 2019 Senior Class Gift Proposal:

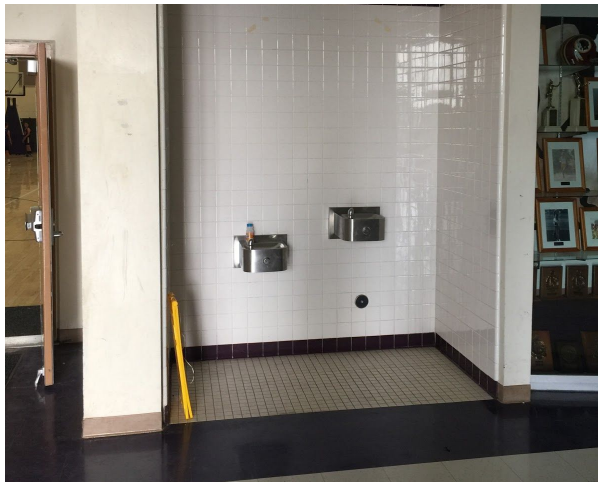

by Alec Tashima, Sr. Class President

Funding: Approximately \$3,100

The Class of 2019 is asking the board to approve the following two gifts-

Gift #1: Refillable Water Bottle fountains \$2400

The Class of 2019 would like to purchase new water fountains that are also water bottle filling stations. Currently, there is only one like that on campus at the end of the s-wing, between the two bathrooms. This one fountain is very popular within the student body and often is overcrowded. We would like to replace two existing water fountains on campus with these new, refillable stations. Our proposal is to have one located in the English building (see pic #1 and #2 below) and the other at the Event Center (see pic #3). Each one would only replace the taller fountain and would be a single tier. Leaving the lower tiered fountain shown still in place next to it. These refillable stations will promote sustainability and create a greener campus for our students by reducing the amount of plastic bottles used everyday.

List Price: ~~\$4,778.00~~ Save up to 37%

Price: \$ 1,112.00

Gift #2: Tiger Stadium Mural \$700

We will use the remainder of our budget to hire Mr. G to repaint the "TIGER PRIDE" mural at the football stadium. This mural is located outside of the football stadium on the south side, facing the freeway. It has faded over many years, so we would like to give it a brand new paint job to bring back some school pride.

Mural Proposal :

Thank you for your consideration!
