

Class of 2015

Senior Class Gift Proposal: by Jessica Taylor, Sr. Class President

The Class of 2015 is asking that the board approve the painting of a mural along the side of the S-building wall. This proposal is for the north side of building and would be designed and painted by Mr. Gonzalez (LHS art teacher). However, if there is enough money and the board approves, then we would do the south side of the S-wing with a second mural. The seniors feel this gift would benefit the whole school with a great representation of school spirit and tiger pride.

Funding: Class of 2015 approximately \$1,800

Mural Proposal 1: Painting stripes with running tigers at the end (similar to the horses shown above)

Mural Proposal 2: Painting the letters T I G E R S in between the doors.

Side note: Mr. G has sketched both ideas but it was done in pencil and didn't copy well. Original sketches will be passed around at board meeting

Again, this mural will be located on the S-Wing building facing team excellence and innovation. It will add a great deal of character to our campus, as well as increasing school creativity and spirit.

Thank you for your consideration.
